Whale watching off the coast of Nelson Bay

LOCALITY

Not only are there plenty of things to do in Nelson Bay itself, it is the ideal location from which to explore the natural wonders and attractions of Port Stephens. Port Stephens is Blue Water Paradise, the permanent home of 160 bottlenose dolphins, and port-in-passing for over 3,000 migrating humpback whales, less than two kilometres from shore. Nearby national parks offer many bushwalks and secluded coastal walking trails.

There's great snorkelling off Little Beach and, for a truly amazing view, nothing beats paragliding behind a speed boat. Four-wheel-drive enthusiasts are catered for and will love the famous sand dunes of Stockton Beach.

Yarramundi apartments from the water

For those seeking a more tranquil exploration of Port Stephens you can hire a bike from Shoal Bay. There are also boat hire facilities in Nelson Bay Marina and a ferry service that can take you across the bay to Tea Gardens and Hawks Nest.

While you're there, don't forget to select your own fresh fish, prawns and oysters from the fish markets at the marina!
